Pledge of Allegiance

Moment of Silence of Mr. William Dunn

Vice Chairman Silcox asked everyone to stay standing and stated that earlier this week Mr. William Dunn passed away. Vice Chairman Silcox continued stating Mr. Dunn was a friend and was a leader for the Authority for almost fifty years. Vice Chairman Silcox specified that Mr. Dunn did so many things for the town, the Authority and so many people and asked that we have a moment of silence.

~obituarv~

Bill was born in Oradell, N.J., Jan. 26, 1926, and grew up in Cranbury. He was a World War II U.S. Army veteran. He graduated from the University of Rochester in 1954. Bill was a long time Regional sales manager for WR Meadows overseeing construction and engineering projects across the country. Bill began his service to the Mount Holly Municipal Utilities Authority first as a board member and chairman and for many years as the full-time executive director. Under Bill's leadership the authority upgraded and expanded treatment systems and became a model of ground breaking technology in the area. Bill retired from the MHMUA at the end of 2012 at the age of 87 and was honored with a Joint Legislative Resolution by the New Jersey Senate and General Assembly. Bill and his wife, Ruth resided in Mount Holly for over 61 years. Mr. Dunn was also active in the Mount Holly community and served as deputy mayor and town councilman. He was a member and past-president of the Mount Holly Rotary Club, a member of the Mount Holly Lions Club, and the Mount Holly Elks. He was also active in helping to establish the Mount Holly First Night and frequently was a judge for many Mill Race and downtown Mount Holly events. Bill is survived by his wife of nearly 66 years, Ruth; three children, daughter, Roberta Bartley (William) of Boca Raton, Fla.; daughter, Alexandra Dunn of West Palm Beach, Fla.; and son, William G. Dunn Jr. of Mount Holly; and three grandsons, Michael Bartley, Connor Pleban, and Kyle Pleban. Friends may attend his visitation from 6 to 8 p.m. Friday, Aug. 11, at the Perinchief Chapels, 438 High St., and Mount Holly. A memorial service will be held 1:30 p.m. Saturday, Aug. 12, at the funeral home. In lieu of flowers, contributions in his memory may be made to the University of Rochester or Penn Medicine. Perinchief Chapels, Mount Holly.

Public Comments on Action Items

None.

Resolution 2017-73 A Resolution approving an S-1NR Application for sewerage service between

the Mount Holly Municipal Utilities Authority and Frontier Development, LLC/ Starbucks, Township of Lumberton, Block 14.03; Lot 4.01, 4.02 &

4.03

Resolution 2017-74 A Resolution approving an S-2 Application for sewerage service between the

Mount Holly Municipal Utilities Authority and Frontier Development, LLC/ Starbucks, Township of Lumberton, Block 14.03; Lot 4.01, 4.02 & 4.03

Executive Director Robert Maybury stated resolution 2017-73 and 2017-74 refer to applications that pertain to the proposed Starbucks who applied for sewer service. Executive Director Robert Maybury explained that Starbucks intends to purchase the Lone Wolf Farm Market at the intersection of the bypass and Route 38 in Lumberton Township. Approving these two resolutions allows them to proceed with sewer service for this property.

Commissioner Jones moved for the approval of resolution 2017-73. Commissioner LaPlaca seconded the motion. At the call of the roll, the vote was:

Ayes: Commissioner Banks, Commissioner Jones, Commissioner LaPlaca, Commissioner Silcox

Nays: Abstain:

Absent: Chairman Thiessen

Matters to be presented by the Public Andrew Huber – 706 Henderson Road, Lumberton NJ 08048 Mr. Huber stated before he presents to the board his issue he would like to recognize the importance MUA's have on their communities, they are a cornerstone upon society and he appreciates that. Mr. Huber continued stating the ability to have flush away piping has a priceless aspect to it and thinks without getting too far into the MHMUA's rates. Mr. Huber stated he personally does not have an issue with the billing structure, but the postage and handling is salt to a wound. Mr. Huber continued by explaining that about eight to nine months ago social media flared up with posts about the MHMUA and he started to pay attention to his bill. Mr. Huber stated his bill for 706 Henderson Road looks good and he has no issues, but he once owned 8 Sesame in Country Estates and pulled an old bill, it was before the MHMUA itemized the service billing charge. Mr. Huber stated he then filed a formal OPRA request with the MHMUA to understand the charges. Mrs. Boyington helped me out and was a great aid. Mr. Huber continued explaining he was trying to figure out if he was being billed for a garbage disposal when he owned 8 Sesame, but after understanding the combination of fees in the service billing charge he discovered he was being billed for a 3/4" meter not a 5/8" meter. Mr. Huber continued to explain after more communication with the MHMUA it was explained to him that accounts are setup based on the information provided to them from what the developers put on the application for service. Silver Construction stated on the original application that the residence at 8 Sesame had a 3/4" meter. Mr. Huber continued saying he felt as a citizen it was in his interest to notify people, and he did. Mr. Huber stated through other various social media posts he discovered the MHMUA's online billing feature, he found an issue with the MHMUA's billing in the Country Estates Development. Mr. Huber continued stating that for the nine and half years he owned 8 Sesame he was incorrectly billed \$708.40. Vice Chairman Silcox informed Mr. Huber this matter would be looked into and thanked him for his information. Mr. Huber stated he will make a formal request for the refund. Commissioner Jones thanked Mr. Huber.

Kenneth Pearson- (MHMUA retiree) 41 Nassau Road, Lumberton, NJ 08048.Mr. Pearson asked the board why the American Flag was not at half-staff for Mr. William Dunn's passing. Mr. Pearson continued stating he understands everyone has their own feeling about Mr. Dunn but would the board show some respect and lower the flag. Solicitor Coleman stated the Governor and /or President would need to make that call.

Report of the Executive Director Report of the Executive Director was received. Executive Director Robert Maybury stated the Belt Filter Press Project is complete minus the final report from Alaimo and the project came in under budget. Executive Director Robert Maybury stated the contractors did a good job throughout the construction project. Executive Director Robert Maybury continued stating the MHMUA is currently preforming the trail of the Peracetic Acid (PAA) in lieu of sodium hypochlorite for disinfection. Executive Director Robert Maybury explained the trail began in July and so far, it is effective and this trial is expected to be a success. Executive Director Robert Maybury stated the trail will continue into early 2018. Engineering design for a permanent storage building, tanks and pumps will need to start in the near future. Executive Director Robert Maybury informed the board the High Street Project is getting ready to go to bid and this project is expected to be completed by the end of September.

Report of the Engineer Report of the Engineer was received. Mr. Skibicki stated the High Street Project advertising will be posted early next week and bids will be due two and half weeks later. Mr. Skibicki continued stating the total time for the project is forty-five days.

<u>Report of the Operations Superintendent</u> Report of the Operations Superintendent was received. Nothing to add

Report of the Safety Director and Special Projects Report of the Safety Director and Special Projects was received. Nothing to add

Report of the Solicitor Report of the Solicitor was received. Comments reserved for Executive Session.

Report of the Finance Administrator/Board Treasurer Report of the Finance Administrator/Board Treasurer was received. Nothing to add.

Other New Business None.

Matters to be presented by Commissioners Commissioner LaPlaca thanked Mr. Huber for bringing up the water meter size issue as she is aware of the chatter on social media. If the subject was not brought up by the public tonight, she was going to address this topic. Commissioner LaPlaca continued stating she would like to be better educated on the billing of the water meters, she stated for example whose responsibility is it to determine what size meter per each property. Commissioner LaPlaca continued stating she would like to know how many properties are affected by this kind of discrepancy and how will the MHMUA handle it moving forward. Executive Director Robert Maybury stated this discrepancy has come up in the past, and over the last two years there has not been many. Executive Director Robert Maybury continued stating a similar situation came up in Eastampton Township, the developer used two different meter sizes throughout the development and the MHMUA billing department found there were sixty-one properties with the incorrect water meter size on their account. Executive Director Robert Maybury stated the problem is the MHMUA does not own the water meters, the MHMUA relies on the developer or the homeowner to properly complete the initial sewer service application, including the correct water meter size. The developer in the Eastampton case misidentified the water meter sizes for these homes in the initial sewer service application. Executive Director Robert Maybury stated discrepancies with all accounts are corrected immediately once confirmed by New Jersey American Water.

Executive Session:

<u>Resolution 2017-75</u> A resolution approving Executive Session for contract negotiations and litigation, possible action to be taken, at 6:15 P.M. - Commissioner Jones moved for the approval to go into Executive Session. Commissioner LaPlaca seconded the motion. At the call of the roll, the vote was:

Ayes: Commissioner Silcox, Commissioner Jones, Commissioner Banks, Commissioner LaPlaca

Nays: Abstain:

REQUISITION FOR PAYMENT OR REIMBURSEMENT FROM RENEWAL AND REPLACEMENT FUND

REQUISITION NO. 2017-81 DATE: September 14, 2017

To: TD BANK, NATIONAL ASSOCIATION, TRUSTEE

Pursuant to a Resolution of The Mount Holly Municipal Utilities Authority (the "Authority") adopted June 5, 1986 entitled: "Resolution Authorizing Sewer Bonds", as amended and supplemented (the "Resolution"), the undersigned, an authorized officer of the Authority, hereby authorizes and directs the Trustee to make disbursements of the funds from the Renewal and Replacement Fund established pursuant to Section 4.11 of the Resolution (with all capitalized terms used herein having the meaning given such terms in the Resolution), as follows:

PAYEE	AMOUNT TO BE PAID	PURPOSE OF DISBURSEMENT
Richard A. Alaimo Associates	\$ 24,061.88	Monmouth Road/ Sewer Replacement, High Street/Sewer Main Repair
E.O. Habhegger	\$ 23,320.00	1000 Gallon Split Fuel Tank
Pitney Bowes	\$ 297.00	Postage Machine
MBE Mark III Electric, Inc.	\$ 19,899.04	Belt Press Install/ Final Payment

So that we may effect payment to the Payee(s) listed above, funds to cover payment to the above named Payees should be wired by the Trustee to the Authority's Operating Account #XXXXXXXX607 at Beneficial Bank.

Mount Holly Municipal Utilities Authority Regular Meeting of the Board of Commissioners

September 14, 2017

Executive Director's Report

- Rancocas Road Belt Filter Press Installation Resolution # 2016-29: The belt press project is complete and both Belt Presses are fully operational. The final cost of the project ended up costing \$22,087.58 less than the approved bid amount.
- NJPDES Permit Renewal Status Engineering Resolution # 2015-94: The PAA disinfection trial at the Rancocas Road Treatment Facility is operational and has been operating successfully since startup in early July of 2017. If it proves successful throughout the six-month trial period, the MHMUA will be in a good position to meet the new NJDEP discharge permit requirements for elimination of Bromodichloromethane. This innovative disinfection method also has the potential to save the rate payers of the MHMUA millions in capital expenses when compared to the installation of a new ultraviolet disinfection system. PAA is a relatively new chemical for wastewater disinfection in the United States and the MHMUA is in the forefront for this use.
- Southern New Jersey Health Insurance Fund Meeting (SNJHIF): The SNJHIF held a meeting on August 28 and the 2018 calendar year medical insurance rates were preliminarily approved. The proposed increase for the MHMUA is 2.06 % for 2018. This increase will impact the 2018 budget for an estimated additional cost of \$24.612.00.
- Mount Holly High Street Sewer Main Repair Project Resolution # 2017-49: The bids for Contract # 2017-14 were opened on Thursday September 07, 2017 and there were three bidders with the following unofficial results: 1.) Standard Pipe Services (\$134,560.00), 2.) North American Pipeline Services (\$219,034.40) and 3.) National Water Main Cleaning (\$375,065.00). Dave Skibicki of Alaimo Associates is verifying the bids for administrative completeness and also preparing the bid tabulations prior to award of this contract.
- <u>Eastampton Township Monmouth Road Sewer Main Replacement Project Resolution</u> # 2017-67: Alaimo is completing the bid documents for this project and the MHMUA Staff is expected to receive them for review within the next several weeks.
- <u>Mount Holly Township Pump Station 213 (Garden Street) Resolution # 2017-29</u>: Alaimo Associates submitted the draft engineering proposal for this project to the MHMUA and it is currently under review for final comment.
- Tours of the Wastewater Treatment Facilities: The MHMUA has been conducting tours of its treatment facilities for nearly 20 years. The tours have typically been held for local and regional school classes, Boys Scouts and similar, but this year the tours are being extended to include media outlets and the officials from the townships serviced by the MHMUA. Two such tours have been scheduled between now and the end of October.
- <u>Social Media</u>: The MHMUA Facebook page is finished and expected to go live on or about September 08, 2017.

SUPERINTENDENT OF OPERATION'S REPORT

FOR

September 14, 2017

PLANT OPERATIONS

- 1. The MONTHLY DISCHARGE MONITORING REPORT summary for August, 2017 is included. There were <u>no violations</u> for the period.
- 2. The YEAR TO DATE CONSUMABLES USAGE REPORT for August, 2017 is attached.
- 3. The **SLUDGE QUALITY** data summaries through August, 2017 are attached. There were no significant changes in sludge quality for the period covered.
- 4. The COLLECTION SYSTEM OPERATIONS report for August, 2017 is attached.
- 5. There were TWO ODOR COMPLAINTS received during the period covered by this report.
 - a. One odor complaint was made by a resident of the Deerwood development. The odors were attributed to a manhole where a forcemain transitions to a gravity sewer. Air was escaping around the manhole cover. A plastic insert was installed to prevent the odorous gases from escaping.
 - b. The second complaint was from a resident of Hainesport Mount Laurel Road and was attributed to the Kelly's Pumping Station. The blower motor for the odor control system had tripped the circuit breaker. The Breaker was reset and the odor treatment was resumed. No further complaints were received.
- 6. The YEAR TO DATE INDUSTRIAL PRETREATMENT ACTIVITIES REPORT summary for August, 2017 is attached.

Respectfully submitted,

Joel L. Hervey Superintendent of Operations

September 7, 2017 MHMUA STATUS REPORT

Safety Director and Special Projects MONTHLY UPDATE August 2017

These fields are to remain blank or the words "no change in status" if progress has not been achieved since the previous report.

- Developed a Human Resources Information Folder available to all employees: Six chapters were completed posted to the S drive in December and January. The information has been recently referenced several times to assist employees and plant management with specific issues and new employees.
- <u>Electronic Records Imaging and Information Management System</u>: No work was completed on this task after computer access was terminated on June 5, 2017. At last count, over 130,117 images have been scanned since the scanner was activated on February 3rd.
 - Records review and scanning will begin again on staggered intervals so other projects can be completed and regulatory issues and employee safety and training properly addressed.
- MHMUA Fueling System: At Adam's request, reviewed information submitted by vendor for combination fuel tank for Rancocas Road, met with vendor representative to confirm location of combination tank and observed installation of the tank.
- Safety Committee Scheduled Meeting Highlights and Upcoming Meeting Dates: The Committee met on Tuesday August 15th with minutes for same processed and emailed to members on August 21st The Committee is scheduled to meet again on Tuesday, October 17, 2017.
 - o Included a report outlining the performance of a Short Circuit, Overcurrent Device Evaluation, Overcurrent Device Coordination and Arc Flash Analysis and the requirements/certifications/licenses needed by those performing same.
 - Emailed an update to all employees reminding them of the signs and symptoms of heat related disorders and the need for constant hydration.
- Peracetic Acid (PAA) Trial: Assisted with and observed the change-out of two PAA totes and provided a report on same to Joel, Adam and Dave for review and consideration for additional safety procedures for the next tote change-out.
 - Observed the supplier training provided to maintenance and plant personnel regarding of the chemical lines for the chemical feed pumps.
 - O Updated the PPE for the employees as some of the gloves initially purchased were found to be defective (small pin holes) that could have resulted employee injury and burns. The supplier was notified of the defective PPE and immediately replaced the gloves at no cost to the Authority. The shipment of defective gloves was disposed of so they could not be used.
- Right-To-Know: The annual chemical inventory was completed that included updating the Excel facility inventory spreadsheets, obtaining updated Safety Data Sheets, scanning and inputting the information into the NJDOH Right-To-Know database. All updates were completed, certified and filed with the NJDOH by July 6, 2017. The plan is to create a searchable folder of MSDS/SDS on the shared drive accessible to all personnel. This is in addition to the binders of MSDS/SDS that the NJDOH still requires be maintained in each facility.
 - Spent additional time updating SDS or MSDS and the Excel spreadsheets for each department before commencing any scanning of same.
 - Completed RTK printing and labeling of Grit & Screen, RDT, Plant #2, Press Room, Maintenance, sludge receiving and BioAir units.
- Safety Equipment: Replacement safety equipment and first aid supplies were distributed as needed.
- Emergency Response and Action Plan Completed a complete overhaul of the program including updated contact information, revised Emergency Action Plans and forms. A copy was sent to Joel and Adam for review. Their comments and suggested revisions were included in the update. The table of Contents will be finalized and an employee training developed and provided.
- Air Permit Compliance Inspection We have not received any response yet from the Air Compliance Inspection performed by Martchela Popova, Compliance and Enforcement for the NJDEP on July 14th and 18th, details of which were outlined in last month's report.
 - Assisted Jason Corn with information needed by the Burlington County Health Department for upcoming inspections of emergency generators at various pump stations.

- o Completed and filed the required Final Notification form with the NJDEP when the generator B rental was removed generator B placed back in service.
- <u>Training</u>: Provided New Employee Orientation and 5 new employee training programs to the new plant operator before her departure.
 - Provided 6 Blood/Waterborne Pathogens programs to employees.
- LOTO Worked with Russ Lingle III and the electricians to assemble and complete two reviews of the LOTO for the belt presses and sludge pumps. Russ is completing a third review before the LOTO goes to maintenance for review and additions specific to their exposure.

QUARTERLY or ANNUAL UPDATES

NJUA JIF

- Still waiting for the 2016 SIP Award Plaque that was mailed by PERMA
- Submitted the 2017 semi-annual report highlighting activity during the first six months of 2017 towards completion of the Safety Incentive Program.
 - As I am not permitted to attend the JIF Executive Safety Committee meetings, training programs or participate in other JIF activities that account for a majority of the SIP credits, it will be difficult for the Authority to achieve the required credits to qualify for the 2017 SIP. However, I will be working with the Authority Safety Committee and Department Supervisors to make sure the Authority makes every effort to remain in compliance with the JIF Safety Program requirements.
- o Robert Holwitt of J A Montgomery completed a facility inspection on Wednesday, August 7th. He reviewed employee injury information for frequency and severity, employee training, reviewed the confined space and lockout/tagout programs, completed a walkthrough of the Rancocas Road facility and monitored the annual Blood/Waterborne refresher training provided for employees.
- EXIGIS Assisting Brandy with completing the annual property & liability insurance update for the MEL/JIF
- At the direction of Joel and Adam, I will be registering Tony DeSilva and Brian Mays to attend the upcoming JIF Safety Expo scheduled for Friday, September 29, at the Camden County Fire Academy.
